Student Trip to Meeza Data-Center

On February 2019, a group 17 Computing Club members along with their supervisor Eng. Abdulahi Hassen from the Departmof Computer Science and Engineering visited Meeza company; an end-to-end Managed IT Services & Solutions Provider based in Qatar that is becoming one of the leading Managed IT Services & Solutions provider in the Middle East and North Africa. Meeza is currently helping to accelerate the growth of Qatar and the region through the provision of world-class Managed IT Services and Solutions.

During the visit to Meeza, Mr. Chris Leahy who is the Technical facility director gave a presentation for the students about Meeza offerings such as the Managed IT services, Data Centre Services, Cloud Services, and IT Security Service. Then the Marketing and PR Manager Mr. Ahmad Youssef and the Solutions Architect Mr. Alaa Ayaad co-presented for the students the core business model of Meeza. They discussed how they are delivering the best in class IT security levels. Also, Mr. Ahmed showed the students how they are helping their clients minimize business risk, reduce IT capital expenditure and speed up time-to-market for new initiatives.
